The race will cover approximately 400 km², and runners will go through several exceptional sites, such as the mountain temples and evolve through impressive landscapes on a vast area of forests and villages offering a panorama of surprising diversity.

The “+” :

The UTA is the only race authorized to run on this cultural gem of Angkor and it is the only ultra race in Cambodia approved by the Ministry of Tourism and the Cambodian National Olympic Committee.

Jean-Claude LE CORNEC, Founder and Organizer of “Les Foulées de la Soie”, will keep the same team of enthusiasts and volunteers during this great historical event. The SPDO Team and its local partner, PHOENIX VOYAGES are already working together to create incredible memories during this event. As usual, we want you to experience the energy, adventure, safety, comfort, and solidarity in Angkor. We are happy to welcome the runners to set foot on this unique cultural treasure, listed as a UNESCO World Heritage Site.

As founder of this exceptional event, we invite you to **become our Representative Agency** by filling-up the Agent Registration Form and sending it back to us. You will then receive a commission based on each package that you will sell.

As a UNESCO World Heritage Site, one has to pay a fee to have access and it is complicated for a solo runner to join us at the starting line if they do not have a Cambodian companion. By incorporating the overnight stays, we will be able to organize group transfers from the hotels selected by the organization.

Sale of bibs only

- **8% commission**

Sale of bibs and overnight stays in one of the hotels selected by the organization (minimum of 2 nights)

- **10% commission**

This will allow us to transfer the runners directly from the selected hotels to the starting line of the course.

Sale of bibs and sightseeing tours

We also offer your clients a half board sightseeing week (7 days/6 nights) to discover Angkor Temples which was a tremendous success during the previous editions. **For groups, you also have the opportunity to customize and build your own tour - visits over 3, 4 or 5 days or more. A special quote will be offered in this case.**

Following the opening of the new airport in Siem Reap, please note that considering these new arrangements,, we will take care of the "free" transfer of participants to and from the airport and to the event venue **only for participants who have booked accommodation with the UTA.**

During this time of the year Cambodia will be particularly touristic, therefore, we highly recommend that your clients book their stays in advance.

I look forward to working with you in the future.

I remain at your disposal

Sportingly yours,

Mr. Jean-Claude Le Cornec
