13. Areas for Extra Care on the Course

- Several sections of the course will require your full attention. Marshals will be stationed at all critical points along the route to guide you—please follow their instructions diligently.

Key Points Along the Route

- **0.5km – Dubai Creek Resort Driveway**
Watch out for speed humps along the driveway (both outbound and return).
- **0.8km – Exiting the Club**
Turn right onto a busy road. Stay on the pavements whenever possible and keep within the designated course marked by orange cones.
- **2.9km – Stair Climb**
You will encounter a short flight of stairs (10–12 steps). Note: This is a change from previous years.
- **4.1km – Garhoud Bridge Descent**
Be cautious of a low-hanging road sign at the base of the bridge. Watch your head.
- **6.8km – Dubai Courts**
The route passes between the two buildings of Dubai Courts. Although the parking barrier will be open, exercise caution.
 - **10KM runners:** At 6.9km, follow the diversion marked for the 10KM route.
- **7.1km – Maktoum Bridge**
The course splits here. Look for signs and follow marshal directions to ensure you're on the correct route:
 - **10KM runners:** Keep left.
 - **Half Marathon runners:** Keep right.
- **7.3km – Timing Mat for 10KM Runners**
10KM runners must cross the timing mat here to avoid disqualification. Marshals will assist you in ensuring this is done.

Half Marathon-Specific Details

- **7.2km & 18.7km – Under Maktoum Bridge**
This area may have fishermen despite requests to keep it clear. Be cautious of fishing lines and watch for slippery, wet surfaces.

RACE INSTRUCTIONS FOR PARTICIPANTS

- **11km – Abra Station (Old Souq)**
Due to renovations, a small section requires running on the street. Marshals will direct you through the marked area.
- **11.7km – Near Al Ras Metro Station**
After passing parked abras and the public library, the route takes a right turn onto the footpath near Al Ras Metro Station.
- **12.0km to 12.7km – Narrow Pedestrian Walkway**
This section has limited space. The road will be closed to traffic and made available for runners. Follow marshal directions.

Make a sharp left turn to enter the tunnel.
- **14.3km to 14.7km – Souq Area**
Expect tight turns. Stay alert and follow marshal instructions.

Be aware of potential e-scooters, cyclists, and pedestrians. Marshals will instruct them to dismount, but stay alert for any stray riders.

Roadworks are in progress here. Take caution at the sharp right turn leading to the footpath.
